

Montana WILD

Montana Fish, Wildlife & Parks

Project Information

Total Project Cost:

\$1,684,072

Project Square Footage:

7,677 sq. ft.

Year Completed:

2010

Architect:

CWG Architects
Helena, Montana

Contractor:

Wadsworth Builders Co.
Great Falls, Montana

Located in the historic Steadman Foundry building, the Montana Fish, Wildlife & Parks Montana WILD Outdoor Education Center is part of the FWP Montana Wildlife Center at Spring Meadow Lake State Park near Helena, Montana. The facility focuses on outdoor education for school-age youth. The classrooms provide flexible spaces, doubling as the FWP Commission conference room and meeting rooms for various community groups.

Phase 1 of the project included renovating the existing century-old stone building to comply with current seismic codes as well as building envelope upgrades. Phase 2, which included bringing the building up to current energy codes and completion of the building interior, was finished in 2010.
